

XHHW/CT: 600V Aluminum Alloy Conductor

Cable Construction

- XHHW-2 aluminum conductors
- Compact stranded
- Abrasion, moisture and sun light resistant
- XLPE Insulation

Applications

Suli Group's XHHW-2 conductors are primarily used in branch circuit wiring as specified in the National Electrical Code.

Standards

- UL Standard 44
- UL 1581 Flame Exposure Test (VW-1)
- ICEA S-95-658 (NEMA WC 70)

Product Certification

AL XHHW 600 Volt. Conductor

Cable Construction

- XHHW-2 aluminum conductors
- Compact stranded
- Abrasion, moisture and sun light resistant
- XLPE Insulation

Applications

Suli XHHW-2 conductors are used in circuit wiring as specified in the National Electrical Code.

Standards

- ASTM- All Applicable Standards
- NEMA WC 70
- UL Standard 44
- RoHS/Reach Compliant
