

## TFFN 600 Volt. Copper Conductor

### Cable Construction

- TFFN annealed copper conductors
- PVC insulation

### Applications

Suli Group Type TFFN or MTW or AWM may be used as in appliance wiring as specified in the National Electrical Code.

### Standards

- ASTM
- UL Standards 66, 758 and 1063
- National Electrical Code, NFPA 70
- RoHS/ REACH

### Product Certification

## Control Cable-XHHW 600 Volt. Copper Conductors

### Cable Construction

- XLPE insulation
- Available in 14 AWG through 10 AWG sizes
- Multi-core from two to 37 conductors.

### Applications

Suli Group's Type TC Control Cable is for use for industrial applications.

### Standards

- ASTM
- UL 1277
- IEEE 1202
- UL 1685
- ICEA S-58-679

### Product Certification
